

Top 20 Pre-Med Schools in America

Top 20 Pre Med Schools in America, listed by School, Average Verbal MCAT Score, Average Physical Science MCAT Score, Average Biological MCAT Science Score and Average GPA (unraked).

School	Average Verbal MCAT	Average Physical Science MCAT	Average Biological Science MCAT	Average GPA
Cornell University	11	11	12	3.72
Creighton University	10	10	10	3.75
Boston University	10	11	11	3.66
Dartmouth Medical School	11	11	11	3.66
East Tennessee State University (J.H. Quillen)	10	9	10	3.73
Baylor University				
George Washington University	10	10	10	3.66
John Hopkins University	11	12	12	3.86
Georgetown University	10	10	11	3.64
St. Louis University	10	11	11	3.69
Mount Sinai School of Medicine	11	12	12	3.65
Northwestern University	11	12	12	3.68
Ohio State University	11	11	11	3.75
Howard University	8	8	8	3.33
Temple University	10	10	10	3.56
University of Iowa	10	10	11	3.79
University of Miami	10	10	10	3.75
University of Pennsylvania	11	12	12	3.82
University of South Florida	10	10	10	3.69
Columbia University College of Physicians and Surgeons	11	12	12	3.7

Ø **Cornell University** offers a two year Pre Med track; program prepares students for entry into the four year medical degree program. Course focuses on sciences that are related to medicine; no degree is awarded.

Ø **Creighton University** offers a 4 or 5 year Pre Med Nursing Track; a bachelor's is awarded in both programs. A Post-Baccalaureate is also administered through the School Of Medicine; program prepares students intensively for medical school.

Ø **Boston University** offers a Pre-Medical program in Pre-Dentistry, Pre-Medicine and Pre Veterinary Medicine, program allows students to create specific areas of study; a post baccalaureate certificate program is also offered.

Ø **Dartmouth Medical School** offers a pre-med program in conjunction with Dartmouth College, an arrangement also exists between Dartmouth Hitchcock Medical Center (DHMC) and Dartmouth College. Health professionals advise and help students applying to medical, veterinarian and medical schools.

Ø **East Tennessee State University (J.H. Quillen)** prepares students for the 4 year Doctor of Medicine degree through its Pre-Medicine Program. Students must complete courses required by most medical schools; these include Biology, General Chemistry, Organic Chemistry, Physics, English and Communication.

Ø **Baylor University provides a Pre-Med** curriculum that emphasizes all areas of course work; medical pre-professionals are recommended to take Biology Chemistry, English, Mathematics and Physics.

Ø **George Washington University** offers an all in one program that leads to BA/MD. Program is based on academic excellence, healthcare experience, community service and demonstrated leadership. Incoming freshman are admitted into George Washington Medical at a fixed tuition rate; MCAT is waived.

Ø **John Hopkins** offers a Post-Baccalaureate Pre-Med program for all medical specializations. Program is offered on the undergraduate campus, School of Medicine and at the School of Public Health; students are able to carve out their own area of study.

Ø **Georgetown** allows undergraduate students to gain the training needed to meet medical school criteria; program is part of the degree curriculum. A Post-Baccalaureate Pre-Medical program is also available for bachelor degree holders who lack core Pre-Med Science courses.

Ø **Saint Louis University's 4 year Pre-Medical** curriculum provides a foundation in the courses required for med school. Courses include Biology, Chemistry Physics and Calculus; program allows students to complete courses across disciplines.

Ø **Mount Sinai School of Medicine** administers a Humanities and Medicine Early Acceptance Program, program was designed to prepare students for medical school. The 8 week summer program includes studies in Physics & Organic Chemistry, as well as other health disciplines.

Ø **Northwestern University** offers study abroad programs in the United Kingdom; students may elect to study at Kings College University of London or Oxford University. A Post-Baccalaureate Certificate is also offered to those hoping to complete the course work required for medical school.

Ø Ranked as one the Best Medical Schools (US News), **Ohio State's School of Allied Medical Professions Division of Medical Technology** offers a Medical Science Track that leads to a BS in Science. Program was designed for pre-pharmacy, pre-dental, pre-vet and pre med students.

Ø **Howard University** offers a dual degree in BS/MD; program allows students to earn both degrees in six years. Program makes an easy transition from undergraduate to graduate study; an overall G.P.A of 3.5 and an MCAT score of 24 must be satisfied. Students must also meet the minimum G.P.A of 3.25 in science.

Ø **Temple University** offers two tracks of study for students who intend to study medicine, tracks include BCMS and ACMS. BCMS-Basic Core in Medical Sciences Program was designed for those lacking the core requirements needed for medical school. ACMS is for students who wish to enhance their credentials so as to pursue a career in medicine.

Ø **University of Iowa** administers a Pre-Medicine track that includes math, chemistry, biology and physics. Students must declare a major in a specific area, program has led to high medical school acceptance rates.

Ø **University of Miami** offers a Pre Law Undergraduate Program as well as a Post Baccalaureate Program; the Post Baccalaureate Program helps bachelor degree holders who feel they need more preparation prior to applying to law school.

Ø **University of Pennsylvania** offers a few Post Baccalaureate programs, two are relevant to the study of medicine; these include the Pre Health Core Studies and the Pre Health Specialized Studies. Both programs are very selective and pave way for further medical studies.

Ø **University of South Florida** offers programs to help prepare students for professional schools of medicine, dentistry, optometry, pharmacy, and many other health related fields. Students must choose another major besides the pre-professional requirement.

Ø **Columbia University** offers a Post-Bachelor Premedical program that is considered the oldest and largest in the United States. Students from the program make up 90% of placement in American medical programs; program provides linkage to Columbia University College of Physicians and Surgeons.
